

Electrolux Oxygen

Central Vacuum Systems

Excellent cleaning performance designed to clean medium to large size homes.

ELUX920

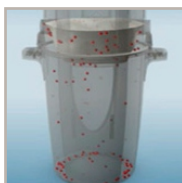

Technical Data	
Part Number	004113
Colour	Granite grey with Ice white
Construction	Plastic body
Airwatts	675
Motor power max, W	1575
Voltage	230
Airflow rate max, l/s	52
Waterlift, mm	3470
Motor	Flow-thru
Muffler	Integrated silencer
Sound level at unit, dBA (ASTM F2544-06)	74
Information display	LCD
Filter	GORE-TEX® Self-cleaning
External HEPAAllergy Plus filter	Optional
Dirt receptacle volume, litres	31
Dirt receptacle window	Yes
Paper bag adaptor (x1)	Yes
Dimensions HxWxD, mm	1068x465x380
Net weight, kg	8.7

Integrated silencer
The integrated silencer acts as a muffler keeping the sound of the motor low, at a sound level of 74 dBA.

Redesigned latches
The newly designed latches make unlocking and emptying the dirt bucket an easy task. The bucket locks back into place with a superior seal to make sure the dirt and dust stays in the bucket.

Self-cleaning filter
Our exclusive self cleaning filter with GORE-TEX™ technology filters out 98% of particles, protecting the motor and keeping superior suction over the life of your vacuum.

Optional HEPAAllergy Plus filtration
The optional HEPAAllergy Plus filter purifies the air to 99.97%, removing any impurities or allergens left after filtration, and diffuses it before recirculating, eliminating the need to exhaust to the outside.
